

Dear Donor,

We are glad to share that with activities undertaken by our team in **February-2020**, we've been significant in bringing a positive change in the lives of many needy ones. It feels great to showcase our efforts with a hope that maybe, it will inspire more people to come forward and lend their support to the helpless people. Like every month, This December we are sharing the various activities done by us. Our activities include the **distribution of food, distribution of clothes, tree plantation drive, self defense camps, eye checkup camps, health camps to extend support to save lives of underprivileged people of our society** etc. Fortunately, we got the chance to celebrate Birthday and took part in stage performance in National Science Museum to spread the bliss of giving love with God's special kids. Thanks for your tireless support in enlightening the lives of many.
